

IMPORTANT SAFETY INFORMATION

Read and understand all safety precautions and instructions before use.

The Heavy Duty Brush Grubber is designed for outdoor use. Check Heavy Duty Brush Grubber before each and every use for signs of wear. Do Not use if damaged or if not working properly

The Heavy Duty Brush Grubber is designed to remove brush up to 4" diameter

The Heavy Duty Brush Grubber is not to be used on people or pets.

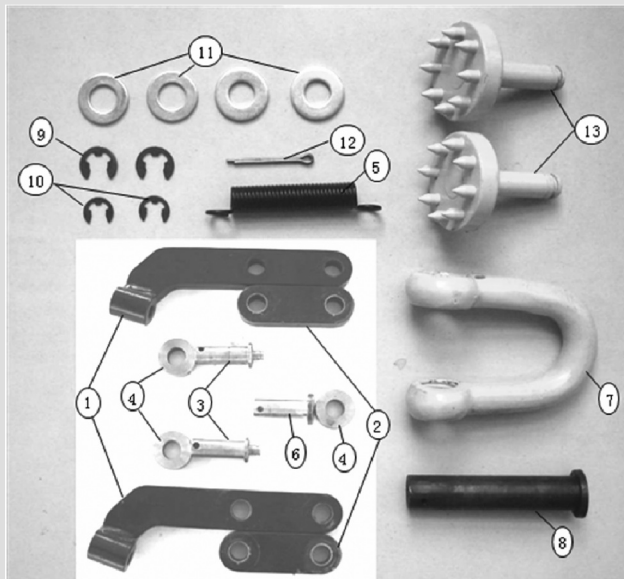

INSTRUCTIONS

1. Cut brush/tree off at 3ft to 4ft above the ground prior to removal.
2. Place Heavy Duty Brush Grubber on each side of trunk of brush near the base/ground with spring on Heavy Duty Brush Grubber placed towards the ground as shown in figure 1.
3. Attach a chain to the clevis of Heavy Duty Brush Grubber and the opposite end of the chain to the towing/pulling vehicle. Take caution that the chain is long enough so the brush will not hit/strike the operator of the towing/pulling vehicle. **DO NOT** jerk the Brush Grubber while there is slack in the chain.
4. To remove Heavy Duty Brush Grubber from the trunk of brush push back on the clevis (towards the trunk).

* Take caution of all pinch points on the Heavy Duty Brush Grubber.

* Take caution of Grip Pads when opening the jaws of the Brush Grubber HD. Keep fingers and hands free and clear.
